

Angel (AL)

Designed for architectural lighting suspensions, signage, acoustic baffles and all other installations where aesthetics are important

Aesthetic – the design complements modern building design

Discreet – supplied with 1.5 mm wire for a unobtrusive suspension

Quick – ergonomic button allows for easy, rapid adjustment

Strong – 15 kg SWL to accommodate a wide range of fittings

Versatile – variety of different foot and End Fixings for attachment to a wide range of products and substrates

Safe – no tools or “Hot Works” permit required for installation, improving health and safety on-site

Max. load rating of this product in a vertical suspension is 15 kg. Max. load ratings will vary due to the type of acoustic panel material being used. Gripple cannot guarantee a SWL due to this factor. If unsure please contact Gripple Technical Services.

*150 mm and 500 mm leg lengths are available on request.
