

Fast Trak

Pre-fabricated bracket solution offering speed, flexibility and efficient use of space, for the installation of electrical containment, pipework, ductwork and other mechanical services in restricted places.

Quick – up to six times faster to install than traditional suspension systems

Safe – pre-fabricated system which removes the need to cut threaded rod or channel on-site

Tool free adjustment – bracket can be moved up and down the tracks to accommodate changes in position during installation

Zero waste – tracks bend neatly under bracket*

Versatile – four-sided bracket provides suspension point on every face

Easy measurement – indicators at each end of the bracket offer measurement guidewhen marking fixing points on the ceiling

Neat & tidy – system can be 'stacked' on-site to reduce storage requirements

Fire tested – to F120 to the temperatures associated with BS EN 1363-1:2012
