

Stainless Steel Hanger

The Stainless Steel Hangers are used to suspend a variety of HVAC, mechanical and electrical services in the food industry and high humidity environments.

- Stainless steel housing and springs are corrosion resistant and durable in humid and saturated environments
- Ceramic rollers provide extra strength and corrosion resistance
- Aesthetically discreet and lightweight
- Available in two sizes with load ratings of 45 kg (No.2) and 90 kg (No.3)
- Supplied as a ready to use kit
