

# UniGrip - Standard

The next generation of wire rope suspension products designed for the fast suspension of cable containment, pipework, ductwork, HVAC systems and modules including multi-tier installations. UniGrip is available with a range of 'feet' options, making it an ideal solution for all building services applications. Consolidating the number of products used to install services on-site will simplify the entire installation process and offer consistency across the project.

- Designed for non-mechanical fixing through brackets
- Supplied with retention clip for pre-fabricated applications
- Central wire exit
