

Trapeze Plus FR (MTZ)

Designed for quick attachment to channel for the fast suspension of a variety of applications including HVAC, pipework and electrical containment where fire resistance is required.

Fire rated – supplied with stainless steel wire. BRE tested to F120 to the temperatures associated with BS476 Part 20 / DIN4102 Part 2. Independent test data available with load limits and exposure times

Simple – fast and easy installation using the washer or channel nut supplied to pre-install into Gripple Universal Bracket or channel reducing time spent working at height

Quick – integral adjustment button allows for rapid adjustment, no Setting Key required

Secure – locking screw prevents movement of services once positioned

Strong – industry approved

Safe – no tools or “Hot Works” permit required for installation, improving health and safety on-site

FIRE RATED WITH THE FOLLOWING END FIXINGS UP TO F120 - CONTACT GRIPPLE FOR FULL TECHNICAL SPECIFICATION AND CERTIFICATION
