UniGrip - M8 Stud Central Exit (Flange Nut)

The next generation of wire rope suspension products designed for the fast suspension of cable containment, pipework, ductwork, HVAC systems and modules including multi-tier installations. UniGrip is available with a range of 'feet' options, making it an ideal solution for all building services applications. Consolidating the number of products used to install services on-site will simplify the entire installation process and offer consistency across the project.

- Designed for services suspended with channel
- Supplied with either a square washer or hex nut
- 25 mm male thread for mechanical fixing
- M8 (UniGrip No. 2), M10 (UniGrip No. 3), M12 (UniGrip No. 4)
- Central wire exit
